

Protect Yourself!

There have been several reported incidents of mail theft recently in our neighborhood, and even a case of identity theft! The Homeowner's Association has taken steps to help protect our homeowners. We have recently retrofitted the mailbox houses to accommodate larger, more secure locking mailboxes.

The HOA ***strongly encourages everyone*** to purchase their new mailbox soon. We all would like to maintain uniformity in appearance with our mailboxes. It helps keep our neighborhood looking nice!

Below is a picture of the approved model and lettering:
